## INTRODUCTUION AND DEFINATION OF TRADITIONAL LEARING VS ONLINE LEARNING

### Online learning vs. traditional learning: and the winner is...!

The debate between online learning versus traditional learning grows each year. The Corona crisis made it even more relevant, as employees in many countries were forced to work from home. So, suddenly all the learning activities had to take place online. But is it a good substitute for traditional learning? Let's have a look at the differences, similarities, and conclude who the winner is!

### Price in the marketing mix of Britannia

Competitive pricing is the sole pricing strategy which Britannia uses. Parle is one of the major competitors of Britannia and in that, Parle G has remained unbeatable for decades. In dairy, Amul is a strong competitor for Milk, Cheese and other dairy based products. In bakery products, you will find local competition as well as Monginis and other veg cake makers who have their own line of products. To stay above all of them, Britannia adopts a competitive pricing strategy. Thus, Britannia products are much better in quality and are good in price as well. The pricing strategy along with distribution has been so strong, that people buy these products even on Railway stations and while travelling, instead of buying local snacks.

### COMPETITOR ANALYSIS

It is observed that mean rank of Britannia is highest amongst all. Therefore, Britannia is the no#1 brand in terms of taste, brand, availability, packaging, and advertisement and Parle is the second most preferred brand. Britannia is also preferred in terms of price after Parle over other brands.

## **FEATURES OF CAREER PLANNING AND CAREER DEVELOPMENT**

Based on the interpretations of the definitions in Box9.1, the following feature of career planning has been developed:

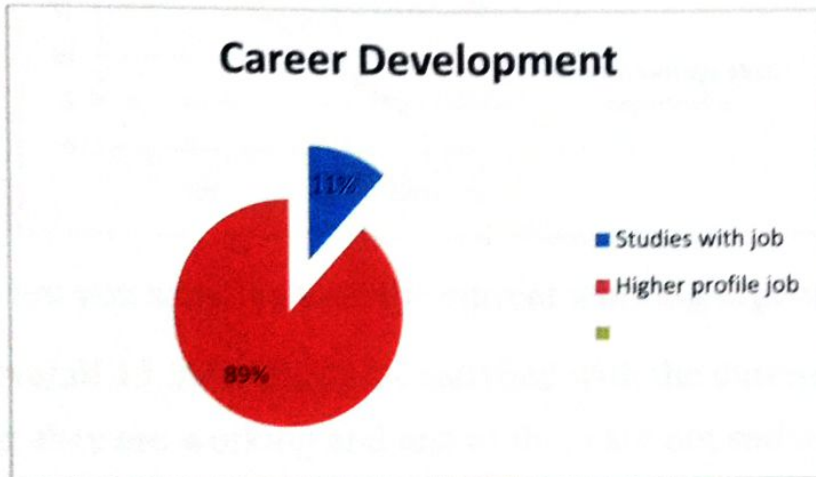

- Career planning normally follows a bottom – up approach in which the process begins with the individuals , works upwards and ends with organizational interventions
- It is not a onetime affair but an ongoing process by which an employee indentifies the needs and all the methods to fulfill those needs on a regular basis
- It aims at matching the individuals career goals with the opportunities available
- It is a measure of achieving employee progression and an organizational efficiency and an end in itself.
- It is the collective responsibility of both the individual employee and the organization
- It is normally made in a dynamic environment where the changes in the demand for and supply of labour , the characteristic of labour , technology , competitive conditions and market strategies are repaid and often radical .

## DATA ANALYSIS

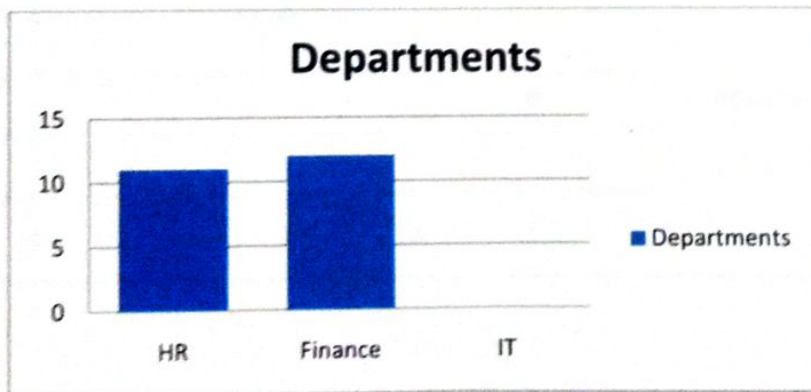

1 - How are you planning to develop your career?

Answer: After doing survey I have come to know that 23 out of 100 individuals are planning to develop their career along with their studies and rest 77 individuals are planning to do higher job profile.

2- In which department you would like to develop your career?

Answer : After doing survey I have come to know that 23 out of 110 individuals wish to work in HR department .

MRS. PRIYA AGRAWAL

Founder-Director

## SUREKHA MUNDE PANELIST - MUMBAI

I am Surekha Munde from Mumbai. Since the last 3 months, i am working with Executive Ship Management Pvt Ltd. in the Accounts department. I have completed my graduation in Management Studies (BMS) from Kothari College, SNDT University. Prior to this, I used to work in Arkin institute for 2 years as a Counsellor. Due to the lockdown during the COVID Pandemic, i had lost my job.

While I continued to apply for full time jobs, i started exploring internships. I was able to do an internship with Hamari Pehchan (NGO) which focused on spreading awareness about COVID-19 among youth and elderly and crowdfunding. I have been a part of Antarang foundation since 2018 and since then have attended multiple workshops and events.

I love making rangoli and have participated in inter/intro college competitions. I enjoy learning new skills, arts and crafts , travelling, and I love feeding and taking care of animals.

Thank you
